Academic Seminars | Conferences | Events

Endeavour Creatives Pvt Ltd is the brain child of Capt. Kamal Chadha, a media and shipping professional. In close tandem with Mr. CK Sharma, Academic Advisor to Endeavour Creatives Pvt Ltd, this educational entity whose sole aim is to promote knowledge and expertise in the shipping field was founded in February 2008.

Learning content is designed to prepare middle management to take up higher responsibility. This proves beneficial to individuals, as also to employers

Seminars are deliberately kept limited to smaller numbers of delegates so the learning is more focused, delegates remain closely aligned to the subject matter, and attention is not diluted through unsuitable peripheral inclusions.
